We Are Valenta

Who are we?

We are Sander & Natascha Vos and are the owners of Valenta. Married in 1998 and always wanted to be both entrepreneurs. In 2002 we got the opportunity to start a company together. With our parents, we started from their home, the garage as a logistics center and the kitchen table as our desk and a growing toddler.

Mobile Lifestyle

Our vision is to be a brand for your "mobile lifestyle". Almost everyone has a Smartphone, Tablet or Laptop. We want to make sure you have functional, beautiful accessories to protect your devices and identify yourself with the beautiful products at the same time.

More than just a brand

With our enormous wealth of knowledge in quality, design, production and our worldwide network in sales, we offer an unique concept to the consumer, retailer, distributor and business customers. In addition to our expertise, we are much more than just a brand. Because of our positive outlook and passion on life, we also try to give back to humanity, by supporting good causes. Our focus groups are the poor, widows and the orphans. This is what really drives us.

Our dream is that Valenta will be known to every consumer.

Will you join the adventure?

Sander & Natascha Vos

CARDPROTECTOR ALUMINIUM AIRTAG CASH BELT

CARD CASE PLUS AIRTAG

CARD CASE PLUS AIRTAG

Valenta's unique leather black AirTag card holder has a preformed holder for the Apple AirTag on the front.

This AirTag ensures that you can quickly trace your cardholder. The ultimate solution for someone who often loses their cards or wallet! The AirTag holder is perfectly held in place by the preformed holder and closing push button. On the outside there is room for a total of 4 extra compartments for your cards and in the aluminum holder there is also room for 6-7 cards. The holder has a sliding system at the bottom, so that the cards come up in a smooth movement. The 6-7 cards in the aluminum holder are protected against skimming by the anti-RFID technology. The card holder has a leather luxury finish. With this card holder you can show up in style. Available in brown.

Details:

- Genuine Leather
- RFID aluminum holder
- Black
- Space total 10-11 passes

CARD WALLET AIRTAG

CARD WALLET AIRTAG

The very stylish compact AirTag card holder from Valenta has a minimalist design and is very light in weight. The black card holder is handmade and made of premium quality leather. Anti-RFID material has also been applied, which protects your cards against skimming. The credit card holder has 6 card slots and a middle compartment for some bills.

In total, this card wallet AirTag can store approx. 7 - 8 cards. The preformed AirTag holder and closing push button keep the Apple AirTag perfectly in place. This option with AirTag allows you to quickly find or trace your card holder. Available in black and brown.

- Genuine Leather
 - Black
 - Anti-RFID
 - AirTag holder

KEY ORGANIZER

KEY ORGANIZER

The Valenta Key Organizer is a beautiful and practical accessory. The unique locking mechanism makes it possible to bundle up to 7 keys in an organized manner. The leather strap prevents your keys from leaving scratches where you don't want them.

SRP 24,95 EURO

AIRTAG CASES

AIRTAG CASES

The AirTag case from Valenta has a sleek design. You simply slide the AirTag into the pre-shaped holder on the front, so that it fits perfectly and always stays in place. The AirTag holder is closed at the back and open at the front. The super handy carabiner ensures that the AirTag hanger is securely attached to your bag, backpack or other items.

Available in the 5 colors from the SNAP* series. The black, gray and blue version are made of leather and the pink and purple version in Vegan leather.

CARD WALLET BELT COIN

CARD WALLET BELT COIN

The belt / bag wallet is a unique Valenta product and made of genuine leather and specially made to wear on your belt or to attach to your crossbody / handbag. On the back of this wallet is a 5 cm wide Velcro closure, with which you can easily attach your 'crossbody' wallet to any belt or shoulder strap.

No clumsy, bulky wallet in your pocket or searching for your wallet in your bag. Anti RFID material is placed between the leather to prevent skimming of your passes. This belt wallet has 3 card slots for cards and a separate compartment for coins. You can store between 3-6 cards in the 3 card slots. The front closes with invisible magnets, so you have quick access to your cards and money.

UNIVERSAL PHONE LANYARD

UNIVERSAL PHONE LANYARD

Always your hands free with Valenta's universal cell phone lanyard. The soft neck lanyard for your mobile is universal and adhesive, so you can easily use the silicon patch in any phone case. The universal smartphone necklace is adjustable and you can wear it around your neck or shoulder as a crossbody, which ensures the perfect fit. Total length around is 140 cm. On the back of the vegan leather pad is an adhesive sticker that you stick on your phone for extra safety, if you also want to use this smartphone lanyard with patch for a case with an open bottom.

The metal carabiner is sturdy and of a sleek design. The cell phone lanyard is made of soft textile and is available in 5 colors. The total length of the telephone cord is 140 cm. This colored universal smartphone lanyard is recommended to wear at a festival, trade show or while travelling. In addition, you can also use the cord without the patch for a badge, keys or a nice bag.

UNIVERSAL MAGSAFE STICKER

UNIVERSAL MAGSAFE STICKER

This sticker offers the possibility to charge wirelessly, but also to use all Magsafe accessories, such as a Magsafe car holder, Magsafe telephone holder or the Magsafe card holders.

Are you not using an Apple phone, but a different brand? This universal sticker is also suitable for almost all Samsung, Google, Huawei, LG, Sony, Xiaomi and Oppo models. For all compatibility see below the list of brands and devices.

With the positioning card, it is very easy to apply once and can be used on almost all materials. The Valenta Magsafe Universal sticker is available in white or black.

From the iPhone 12, the Magsafe technology has been applied. Magsafe is a system from Apple for charging your Smartphone or attaching all kinds of Magsafe accessories. This is done via special magnets, it clicks perfectly and is very sturdy.
