A Journey from Classic to Urban

For more than 130 years, we, Karlowsky Fashion, have been shaping the workwear industry with our heritage of quality, innovation, service and sustainability. Our success story is not only the result of entrepreneurial determination, but also thanks to our dedicated employees who make a significant contribution every day.

Last year, we opened a new chapter in our company history by establishing a dual management team. Our focus is now increasingly on expanding international markets and promoting product and corporate sustainability. We are actively shaping the future of our company by taking innovative paths and always building on our traditional values.

We face the challenges of our time with optimism and a spirit of innovation. Discover the unique world of Karlowsky workwear, where traditional values and modern fashion ideas merge.

Sustainability: a cornerstone for the future

In addition to tradition, innovation, quality and service, Karlowsky Fashion actively focusses on sustainable action and business. The company is one of just 90 companies to have been awarded the Green Button (Grüner Knopf), a government seal of quality for sustainably produced textiles and conscious corporate responsibility.

The company will continue to work intensively on implementing the stricter and more stringent requirements of the seal in the coming year, focussing on sustainable materials and production processes. Through its position in the market as a manufacturer and supplier, the company wants to establish sustainable behaviour in the supply and consumer chains and convince others to follow this path. The certification is therefore not only a recognition, but also an encouragement for the company to continue to develop and set new standards in terms of sustainability.

Karlowsky has also been awarded the most comprehensive and strictest textile certificates, the Global Recycled Standard (GRS) and Global Organic Cotton Standard (GOTS), which form the basis for product development and production. Tests for harmful substances on all products and compliance with fair production and working conditions worldwide are also carried out and tested regularly (Standard 100 by OEKO-TEX®, Labtech Prüfgesellschaft mbH and amfori BSCI)

GREEN BUTTON

GOOD FOR PEOPLE.
GOOD FOR NATURE.

certified by Control Union
CU 1091876
www.g-k.eu/karlowsky

Karlowsky Fashion carries products that are certified with the Green Button label (Grüner Knopf)
GOOD FOR PEOPLE. GOOD FOR NATURE.

The Green Button (Grüner Knopf) is a government-run certification label for sustainably manufactured textiles. It provides guidance for consumers when shopping. The Green Button (Grüner Knopf) sets out mandatory requirements to protect people and the environment in the textile production process. A total of 46 stringent social and environmental criteria must be met – ranging from waste-water to forced labour.

What is special about the Green Button (Grüner Knopf) is that the company as a whole is also audited, not just the product. This makes it the first government-run certification label to systematically audit companies for compliance with human rights and environmental due diligence in their supply chains.

The government defines the criteria and conditions for the Green Button (Grüner Knopf), creating clarity and trust. Independent auditors review compliance with the criteria.

certified by Control Union, CU 1091876
GlobalRecycled.org

Karlowsky® is certified according to GRS

Karlowsky Fashion is certified as a company according to the Global Recycled Standard (GRS). GRS is a product standard for tracking and verifying the percentage of recycled materials in a final product. The standard applies to the entire supply chain and addresses traceability, environmental principles, social requirements, chemical content and product labelling. With GRS certification, Karlowsky Fashion supports a circular economy that reduces waste by using it to make new products. These criteria are constantly monitored by independent accredited bodies.

The certificate's criteria include:

- fibre use criteria
- strict social criteria
- minimum water consumption
- free from toxic substances such as PFC and PTFE
- rules for storage, packaging & transport

A product can only be certified when the complete production chain from the manufacture of the raw material to the finished product is certified.

More information:

certified by Control Union, CU 1091876
GlobalRecycled.org

Member of amfori, the leading global business association for open and sustainable trade. We participate in amfori BSCI. For more information visit www.amfori.org

BSCI (BUSINESS SOCIAL COMPLIANCE INITIATIVE)

We, Karlowsky Fashion GmbH, are staunch participants of the amfori BSCI (Business Social Compliance Initiative) and have committed ourselves to compliance with the BSCI Code of Conduct. It includes basic requirements for our manufacturing companies in terms of working conditions and social standards.

These standards include:

- the right to freedom of association, the right to collective bargaining,
- no discrimination, fair remuneration, decent working hours,
- occupational health and safety, no child labour,
- special protection for young workers, no precarious employment,
- no bonded labour, protection of the environment, ethical business behaviour.

We are committed to these standards and we want to work exclusively with companies that continuously adhere to the same values. By choosing Karlowsky Fashion GmbH, you are choosing articles that have been produced in a socially responsible way.

www.amfori.org

STANDARD 100

Karlowsky Fashion carries products with the STANDARD 100 by OEKO-TEX® product seal

If a textile article has been awarded the STANDARD 100 label, all components of this article, i.e. also all threads, buttons and other accessories, have been tested for harmful substances. The testing is carried out by independent accredited testing laboratories based on the extensive OEKO-TEX® criteria catalogue. The testing procedure takes into account numerous substances, both regulated and non-regulated, that could be harmful to human health.

In many cases, the limit values set for STANDARD 100 exceed national and international requirements. The criteria catalogue is updated at least once a year and expanded to include new scientific knowledge or legal requirements.

Organic

Certified by Control Union, CU 1091876

Global-Standard.org

Karlowsky® is certified according to GOTS

Karlowsky Fashion is certified as a company according to the Global Organic Textile Standard (GOTS). GOTS is recognized as one of the world's leading standards for textiles made from ecologically produced natural fibres. At a high level, it defines environmental requirements along the entire textile production chain and at the same time requires compliance with social criteria. These criteria are constantly monitored by independent accredited bodies.

The certificate's criteria include:

- criteria for fibre use
- strict social criteria
- complete wastewater treatment
- regulations on the use of chemicals
- regulation for storage, packaging & transport
- regular testing for harmful substances

A product can only be certified when the complete production chain up to the finished product is certified.

More information:

certified by Control Union, CU 1091876

**Water-Repellent Bib Apron
BASIC WITH BUCKLE**

water-repellent bib apron with straps made of apron fabric | provides effective protection against splashes of water and dirt thanks to PU coating | ideal for use in many different occupational areas, e.g. when washing dishes in gastronomy, working in hair-dressing salons, garden centres and flower shops and much more | also the perfect companion for gardening, handicraft, cleaning work and other leisure activities | small amounts of dirt and splashes can be easily wiped off | washable up to 60 °C for stubborn stains | bib strap with buckle for adjusting to any length up to 78 cm | additional durability due to reinforced stress points on the apron straps | care instructions: iron the bib apron completely after every 5th washing cycle at the latest to maintain the water-repellent protective function (iron at a low temperature, maximum 110 °C, without steam)

100 % Polyester, coated with polyurethane (PU), 110 g/m²

Size: one-size

Dimensions: 72 x 86 cm (width x length)

Information

KARLOWSKY FASHION 2024

SIZE CHART

The measurements listed by us refer to the wearer (person) and not to the measurements of the respective garment! For example, if the chest circumference is 101 - 104 cm, it means that this product is suitable for a person with this chest circumference. It does not mean that the product itself has these measurements. If your measurements are somewhere between two sizes - we recommend ordering the larger size. Some Karlowsky® trouser models come with 3 different inside leg lengths for an optimal fit. Look for the size suffixes s (short) & l (long) when making your selection. All other Karlowsky® trouser models are manufactured with a uniform inner leg length of 81 cm. Therefore, the inside leg measurement in the "Normal sizes" table applies to these trouser models.

LADIES

MEASURING

The assistance of a helping person is recommended. We recommend to wear tight-fitting clothing or underwear. Measure directly on the body. The necessary additions for the comfort or functionality are taken automatically by us during the creation of the textiles.

RECOMMENDATIONS

Please consider the following helpful measuring recommendations:

1 HEAD GIRTH

It is measured approx. 1 cm above the ears around the head.

2 NECK GIRTH

It is measured approximately at the level of the Adam's apple. The measuring tape is passed once around the neck so that it is at the same height throughout.

3 BODY HEIGHT

Measured from the heel to the mop top of the head.

4 CHEST WIDTH

It is measured horizontally around the body at the strongest point of the chest.

5 WAIST WIDTH

It is measured horizontally around the waist at the thinnest point.

6 HIP WIDTH

It is measured horizontally around the hip at the strongest point of the buttocks.

7 INSIDE LEG LENGTH

It is measured from the font inside along the leg straight down to the floor.

8 FOOT LENGTH

The greatest distance between the heel and the big toe is measured.

Two people, a man and a woman, are standing in a bright, modern office or lounge area. They are both wearing blue polo shirts with a black patch on the chest that says "YOUR LOGO". The man is on the left, and the woman is on the right.

Two people, a man and a woman, are standing in a modern, industrial-style setting. They are both wearing olive green long-sleeved shirts with a black patch on the chest that says "YOUR LOGO". The man is on the left, and the woman is on the right.

A rectangular patch with a black border and a red, white, and blue Union Jack flag design.

A close-up of a sewing machine needle stitching a logo onto a dark fabric.

A white t-shirt with the text "MATTER ILLUSION BREAKER" printed on it in a stylized font.

A brown leather patch with a black flame design.

A white t-shirt with the text "DRUCK" printed on it in a bold, black font.

A dark t-shirt with a gold circular logo.

A dark t-shirt with the text "D.Y." printed on it in a bold, black font.

WASHING SYMBOL LEGEND

| | | | | | | | | | | | | | | | | | |
|--|--|---|------|--------|------|---|------|-----------|--------|-----------------------------------|------------------|------------------|-------------|--|--|--|--|
| WASHING | | | | | | | | | | | | | | | | | |
| | | normal | mild | normal | mild | normal | mild | very mild | normal | mild | very mild | hand wash | do not wash | | | | |
| | | The numbers in the washpot specify the maximum temperature in °C which must not be exceeded. The bar underneath the wash tub characterizes a mild process with reduced mechanical action especially for easy care articles. The double bar indicates a very mild process especially for woollen articles. | | | | | | | | | | | | | | | |
| BLEACHING | | | | | | | | | | | | | | | | | |
| | | any oxidizing bleaching agent allowed | | | | only oxygen/non-chlorine bleach allowed | | | | do not bleach | | | | | | | |
| DRYING | | | | | | | | | | | | | | | | | |
| | | tumble drying possible, normal temperature | | | | tumble drying possible, lower temperature | | | | do not tumble dry | | | | | | | |
| | | The number of dots indicates the severity according to the severity of the tumble drying process. | | | | | | | | | | | | | | | |
| IRONING | | | | | | | | | | | | | | | | | |
| | | Iron at max. Temperature of 200°C | | | | Iron at max. Temperature of 150°C | | | | Iron at max. Temperature of 110°C | | | | | | | |
| | | The number of dots indicates the severity according to the temperature of the hand iron. | | | | | | | | | | | | | | | |
| PROFESSIONAL TEXTILE CARE | | | | | | | | | | | | | | | | | |
| | | | | | | | | | | | do not dry clean | | | | | | |
| | | The letters within the circle specify the solvents that can be used. The bar under the circle indicates a mild professional dry cleaning process. The double bar indicates a very mild process. These may concern mechanical action and/or drying temperature and/or water addition in the solvent. | | | | | | | | | | | | | | | |
| | | | | | | | | | | | | | | | | | |
| | | | | | | | | | | | | do not wet clean | | | | | |
| The letters within the circle specify the wet cleaning process. The bar under the circle indicates a mild professional dry cleaning process. The double bar indicates a very mild process. These may concern mechanical action and/or drying temperature and/or water addition in the solvent. | | | | | | | | | | | | | | | | | |

NEW SHOE STANDARDS

The two previous standards EN ISO 20345:2011 (for safety footwear) and EN ISO 20347:2012 (for occupational footwear) have been significantly revised and will be replaced by the new standard versions **EN ISO 20345:2022** and **EN ISO 20347:2022** in March 2023. All work shoes that are brought onto the market after this date must be certified in accordance with these new standards.

All Karlowsky® occupational and safety footwear launched on the market before the date of the change will initially retain their protection class. The protection classes will be gradually adjusted until the end of 2024.

This is changing:

"Stretchable" marked articles are made of fabrics in which elastic fibres have been integrated. These fibres are particularly stretchable and provide perfect comfort with optimum freedom of movement.

"Breathable" marked articles are equipped with special ventilation vents and/or consist of fabrics that are particularly breathable. This provides continuous air circulation around the body for a cooling effect, even in very warm environments.

Identifies products with waterproof properties

Identifies products with water-repellent properties

Leather

Pockets

Washability

Very light fabric

Information: Due to different fabric qualities there might be slight colour differences. There might also be slight colour differences within a size range, due to production. Illustrated colour values are approximate values.

By the publication of this catalog the former main catalogue 2022 is no longer valid. We steadily develop the items of our collections and reserve the rights to improve and change the collections, while this catalogue is valid. Despite of the greatest caution, there may be discrepancies in the representation of the textile colours, because of print-technical matters. Possible colour-discrepancies, type errors, as well as misprints in graphic or writing are reserved.
