# OUR STORY

Welcome to the Popcorn Shed family!

Here at Shedquarters we're devoted to making crazy delicious gourmet popcorn. It gets us out of bed in the morning and keeps us up late at night.

We believe that food has the power to bring people together. It's a form of self-expression. But when shared with others, it can build relationships, help mend problems, and be a source of inspiration.

We like to say we are in the business of creating memorable moments! We take pride in creating elaborate and whimsical flavours with artful attention to detail. Join us on a taste journey and let us lead your tastebuds through this popcorn immersive experience.

Operating out of our garden shed since 2016, Popcorn Shed is a home-grown, family-owned business - a made in Britain artisanal brand.

Love and Kernels,

Sam + Laura  
xxx

Award-winning

Great Taste Award winners for Salted Caramel, Say Cheese!, Berry-licious, Butterscotch, White Truffle, Rainbow and Gingerbread

## The Shed

*This is why our popcorn boxes are shaped like a shed!*

We've always appreciated the humble popcorn snack and its power to enhance special moments with friends, family and loved ones. With that in mind, we dedicated ourselves to perfecting popcorn treats associated with joy and happiness by prioritising flavour and quality.

We spent months in the kitchen and managed to break a popcorn machine and a cooker in the process. Oops! We finally hit on a few great recipes, and made so much popcorn that we couldn't store all of it in our homes, so we had to store it in the garden shed!

Soon our family started calling it the Popcorn Shed, and that's how we named our business.

## Why Choose Us?

- The UK's first super-premium popcorn brand
- Established in a shed in Great Britain
- Home grown family business (*started from Laura's mother's kitchen table... until we were banished to the garden shed!*)
- All products are handmade in the UK
- Small batch producers
- Prioritising flavour and quality (*all our products are designed and tested in-house at Shedquarters. If they don't pass our taste testing we don't bring them to market*)
- Wild, innovative and delicious flavours (*if you can dream it, we probably do it!*)
- The only UK brand with multicoloured popcorn (*Check out Rainbow, Unicorn and Toffee Apple - Halloween flavours!*)
- A wide variety of vegan flavours
- Fresh high-quality ingredients
- Non GMO
- Long shelf life, the best on the market
- We are a small family business and we celebrate every single customer and order

As Seen In

# OUR CHARITY PARTNERS

## Corporate Social Responsibility

At Popcorn Shed, we believe in making a difference. That's why we are committed to giving back to the community and supporting organisations that share our values.

### Empowering LGBTQIA+ Communities Worldwide

GiveOut is a UK-based foundation dedicated to protecting the rights and improving the lives of LGBTQIA+ individuals around the globe. By supporting GiveOut, we contribute to their vital work, which includes aiding those affected by the ongoing war in Ukraine. Learn more about GiveOut and their impactful initiatives at [giveout.org](https://giveout.org)

For the entire month of June, we're proud to donate 10% of profits from all website orders to GiveOut.

### Cooperative Social Enterprise Changing Lives

100% of Ethstat's profits go to supporting the most vulnerable in society from supporting Dementia care to ending homelessness. Popcorn Shed is absolutely thrilled to have partnered with Ethstat on the development of this compostable popcorn product!

A portion of the packs were donated to Dementia care homes and others in need. When companies work together magic happens, and this collaboration is a shining example of that magic!

### Promoting Inclusion through Theatre

We're honored to collaborate with ChickenShed, an outstanding local theatre company and finalists of Britain's Got Talent. ChickenShed embodies inclusivity, providing a welcoming space for individuals of all backgrounds. Together, we aim to foster positive change and promote diversity within our community.

Explore the inspiring work of ChickenShed at [chickenshed.org.uk](https://chickenshed.org.uk)

---

By choosing Popcorn Shed, you not only acquire high-quality products but also join us in supporting these remarkable organisations. Together, let's make a difference and create a brighter future for all.

# OUR SUSTAINABILITY POLICY

At Popcorn Shed we care about the environment and sustainable use of materials. We endeavour to use sustainable ingredients and packaging wherever possible. Our shed cartons are made from recyclable board, sourced from trees from sustainable forests. This folding box board is FSC accredited.

Our packaging films use a PET free plastic, which can be recycled at larger supermarket recycling points.

Where possible, we source ingredients from the UK to reduce our carbon footprint.

All of our factory food waste is minimised by supplying sifted popcorn hulls and unpopped kernels to a local farm for use in cattle feed. To reduce food waste we have invested heavily in packaging technology giving our brand a shelf life of 12 months+, making it one of the longest on the popcorn market.

When we deliver stock to the warehouse, we make every effort to maximise the number of pallets on the vehicle to avoid excessive petrol emissions and keep food miles to a minimum.

We work with Too Good To Go to reduce the amount of surplus food going to waste. We are focused on reusing the wasted cardboard in our factory for pallet boards or further packaging. Because we do this, we rarely have to send it to waste or commercial recycling.

Our offices operate paper, tin and plastic recycling schemes. Energy use is kept to a minimum through the installation of PIR motion sensors and limited boiler use.

Our factory's electricity is supplied from 40% renewable sources.

We have a close relationship with a number of state of the art packaging suppliers and we frequently test packaging options that are better for the environment to make sure we keep working towards a more sustainable future.

# OUR UNIQUE PROCESS

All our products are designed and tested in-house at Shedquarters. If they don't pass our taste testing, we don't bring them to market.

1

We are small batch producers. We use the highest quality ingredients and make a fresh batch of caramel or cheese paste from scratch to ensure freshness and the best possible taste.

2

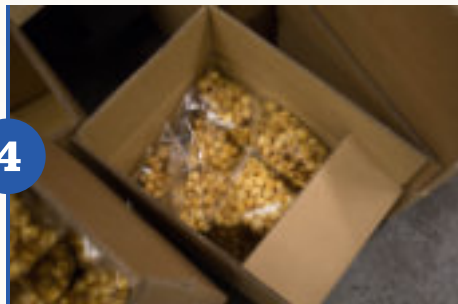

After making the caramel or cheese paste and airpopping the corn, the popcorn is tumbled in the fresh caramel or cheese to coat the kernels evenly.

3

Next, the popcorn is scattered with melted chocolate, nuts, freeze-dried fruit, cookie pieces, sugar strands, marshmallows and more to enhance the flavour and texture.

4

Lastly, the popcorn is cooled quickly before bagging it airtight to ensure the freshest and crunchiest popcorn you'll ever taste.

# OUR FLAVOURS

We have a large range of 20+ popular and innovative flavours to enjoy!  
We take pride in creating elaborate and whimsical flavours.

Available in five best selling popcorn flavours. Perfect for grocery, health food shops, convenience stores, food service and more! The perfect on-the-go, low calorie, vegan snack!

Our packaging is bold, bright and jumps off the shelf.

Sharing Bag dimensions  
L8cm | W20cm | H31.5cm

Single Serve Bag dimensions  
L5cm | W14cm | H23cm

Mini Bag dimensions  
L14cm | W12cm | H2.5cm

## WHY MINIPOP?

Not only is **MINI POP!**® delicious, healthy, low in calories and made with all-natural ingredients. It's also gluten-free and 100% vegan!

The perfect on-the-go, low-calorie, vegan snack. Our packaging is bold, bright and jumps off the shelf. Available in single serve bags and family sized sharing bags.

## THE KERNEL

Japanese hull-less popcorn is an older variety of corn grown with pure heirloom, non-GMO, non-hybrid popcorn seeds.

The kernels are smaller than typical corn kernels.

Due to their tiny size and fragile nature, these “micro” kernels found in **MINI POP!**® rapidly break down during the cooking process, and virtually disintegrate when chewing, improving the eating experience.

No floss required.
